As a consistent achiever with over 18 years of experience, which has included financial management and control, internal audit, financial reporting, systems implementation, treasury, general management and business development, all my considerable experience was gained in an international environment. This includes GAAP, inter- company pricing and IFRS, working for companies based in North America, Asia, Europe and the Middle East.

As a member of the Chartered Institute of Management Accountants, with a BA in International Relations from The Hebrew University of Jerusalem, I possess a deep understanding of intra personal relations, target setting and quality systems, together with good general business knowledge. A drive, results oriented personality and outstanding communications and technical skills have made me a consistent top performer.

Professional Experience**Chief Financial Officer, G.Z. Industries Ltd (Packaging manufacturer)**

July 2010 to June 2012.

Reporting directly to the board of this \$100 million p.a. company, I set up and operated all the financial systems, I managed the implementation of SAP Business One, managed the supply chain, and assisted in Operations Management, customer support, TQM and H.R.

Director of Finance, Ashtrom International, West Africa,(construction) 2008-July 2010.

Developed and executed plans to improve controls, cash flows, leveraging, financial reporting, budgeting and costing. Role included serving as business and financial lead on developing new methods and improved customer service, new contracts and better

financial results. I was responsible for all aspects of H.R. and Logistics, managing multi-site teams of accountants and Personnel managers.

C.F.O. , The Shalem Centre, 2006-2007 (Not for Profit organization).

Reporting directly to the President, I developed new reporting structures to the Board and to major Donors.

Managing Director, Personna International Ltd, 2001-2006 (Manufacturing FMCG)

On being promoted to Managing Director from role of Financial Controller, I directed and controlled a Manufacturing facility of over 200 employees, with an annual export turnover of \$20 Million. This involved running the plant and being directly responsible for Engineering, Quality Assurance, Logistics, Manufacturing, Customer Support I.T. and Finance

Financial Controller, Peronna International Ltd,, 1996-2001

Directly reported to the Board located in USA.

Promoted to position of Managing Director in 2001.
